

The Lord looks out for me

When you see me walking along
And you think I'm doing wrong
He tells me I'm His own
I'm weak but He is strong
He walks with me
He talks with me
He looks my shackles and He sets me free
The Lord looks out for me everyday

When you see me walking along
And you think I'm doing wrong
He tells me I'm His own
I'm weak but He is strong
He walks with me
He talks with me
He looks my shackles and He sets me free
The Lord looks out for me everyday

Oh everyday Yeah everyday
He walks with me
He talks with me
He looks my shackles and He sets me free
The Lord looks out for me everyday

One day I'm gonna see His face
When I'll reach that Holly place
I know I'm gonna win His faith
Everyday He keeps His place
He walks with me
He talks with me
He looks my shackles and He sets me free
The Lord looks out for me everyday

Oh everyday Yeah everyday
He walks... with me
He talks... with me
He looks ...my shackles, He sets... me free
The Lord looks out for me... X5 ...everyday
